

Allcup

The new "sampling-container" with all in one function.

Allcup is invented and manufactured in Sweden, in the harmless plastic material – polypropene – that decomposes into H₂O and CO₂ without polluting the environment. Allcup is also biologically disintegrated and can be recycled.

Practical for the User

- You can use the same container from Drs Office to the laboratory.
- Can be used in many other areas in the nursing sector for instance.
- Geriatric department for containing denture or dental plate.
- Paediatric – Children department for contain correction dental plate.
- Paediatric department for collect mother's milk.
- Kitchen area e.g.
- Can be refrigerating.
- Can be used in micro oven.
- Only the imagination sets the limit.

Volume;	150 ml
Piece / Carton;	100 Pcs
Article no;	10 0031
